GRADUATION POLICY

POLICY
It is the policy of The University of Texas Health Science Center at San Antonio that students who satisfy all health science center eligibility criteria and requirements for graduation shall be designated as “graduates.”

PERTINENT INFORMATION
The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) has set a standard that at least 25 percent of credit hours applicable to an baccalaureate degree or at least 33 percent of credit hours applicable to an graduate or post-baccalaureate professional degree must be earned through instruction offered by the university granting the degree.

Students who satisfy all eligibility criteria and requirements from the health science center may or may not participate in a university sponsored graduation ceremony/ritual. Regardless of ceremony attendance, a student’s status in the official record of the university is recorded as a “graduate”.

UNIVERSITY PROCEDURE
Application for Graduation
Degrees are not normally awarded automatically upon completion of scholastic requirements. To be considered as candidates for degrees, students must submit the Application for Graduation online using their student portal by the appropriate deadline. Graduation application deadlines are:

- June 15 for fall conferral
- November 30 for spring conferral
- February 15 for summer conferral

These dates may vary from term to term; updated deadlines will be communicated by the university through means of the university website and/or via students’ campus e-mail accounts. Students should obtain an official degree audit one semester prior to their expected graduation date to avoid graduation conflicts and delays. Students who apply after the application deadline will need to complete the Late Application for Graduation and will be assessed the application fee, and a late fee. Additionally, students who do not graduate in the term for which they apply will be required to complete a new application, and will be assessed a new fee. The graduation fee is non-refundable.

Students who graduate with their first bachelor’s degree may be eligible for a tuition rebate, particularly under the Texas B-On Time Loan Program. Contact the Office of Veteran Services and Financial Aid (http://students.uthscsa.edu/financialaid/) for additional information.

Operating Requirements
Catalog of Graduation for Degree Programs
Students have four years from their term of original registration to complete a bachelor’s degree program and six years to complete a graduate or professional program under the catalog in effect when they initially registered. Students may choose a subsequent catalog under which to complete graduation requirements, provided they have completed at least one course during the academic year the selected catalog was in effect with a letter grade other than W or F and the appropriate dean has approved the amended degree plan. Students must complete all degree requirements under that selected catalog. Choosing a new catalog begins a new three-year or six-year time limit. Students who graduate under one catalog and begin a second degree must begin the new degree under the catalog in effect at that time. Students must have an approved degree plan at the time an application for graduation is filed.

Catalog of Graduation for Courses
Students must meet the course requirements in effect when a course is taken. This prevents students from retaking courses to meet new requirements, yet allows students the opportunity to benefit from new course requirements intended to promote student success. For example, if a student has declared a program of study for the current academic year but has taken courses previously, this student would be held to the course requirements in effect at the time the courses were taken, not the year the program of study was declared.

Eligibility Criteria and Requirements for Graduation
1. The student’s cumulative health science center Grade Point Average must be 2.00 or higher.
2. Students must have no pending disciplinary issues as defined in the university’s catalog.
3. A minimum of 25 percent of the total credit hours of the required coursework for baccalaureate degree or a minimum of 33 percent of the total credit hours of the required coursework for an graduate post-baccalaureate professional degree must be instruction provided by the school granting the award.
4. Transfer credits accepted by health science center and applied to a health science center degree plan shall be approved by the Office of the University Registrar and the program to which the credit would
apply. Please refer to the Policy on Awarding Academic Credit (http://catalog.uthscsa.edu/generalinformation/generalacademicpolicies/policyonawardingacademiccredittransfersandsubstitutions/) in this Catalog.

Graduation Ceremonies Policy
The University conducts multiple commencement ceremonies throughout the year. Most ceremonies occur in the Spring semester, when the majority of graduating cohorts complete their program of study. Students who wish to participate in their programs' commencement ceremony must adhere to the school’s and university’s procedures for application for graduation. Candidates for graduation are not required to attend the graduation ceremony to be considered “graduates.” Photos and videos are available for purchase through an outside vendor, which is coordinated by the Office of Student Life.
