**SIZE AND LOCATION**

The University of Texas Health Science Center at San Antonio, now called UT Health San Antonio, (http://www.uthscsa.edu) has one, central campus, as defined by the Commission on Colleges of the Southern Associate of Colleges and Schools. However, in order to provide helpful and detailed clarity for the general public and consumers of the university's patient, educational or community services, the university's one, central campus is consistently described to include seven campus identities in all marketing, communications and advertising collateral. In San Antonio, Texas, they are the Joe R. & Teresa Lozano Long Campus, Greehey Academic & Research Campus, Mays Cancer Center Campus, Medical Arts & Research Center Campus, Center for Oral Health Care & Research Campus and Texas Research Park Campus. In Laredo, Texas, is the Regional Campus.

**Joe R. & Teresa Lozano Long Campus**
The Joe R. & Teresa Lozano Long School of Medicine (http://som.uthscsa.edu), School of Dentistry (http://www.uthscsa.edu/academics/dental), School of Nursing (http://nursing.uthscsa.edu), School of Health Professions (http://www.uthscsa.edu/academics/health-professions) and the Graduate School of Biomedical Sciences (http://gsbs.uthscsa.edu) are based on the Joe R. & Teresa Lozano Long central campus, as are the Dolph Briscoe Jr. Library (http://library.uthscsa.edu) and most of the university's administrative offices. Physical address: 7703 Floyd Curl Dr., San Antonio, Texas 78229-3900

**Greehey Academic & Research Campus**
A mile away from the Long central campus, four buildings at 8403 Floyd Curl constitute the Greehey Academic & Research Campus (http://ccri.uthscsa.edu) (also known as the North Campus). The buildings are the Greehey Children’s Cancer Research Institute, dedicated in 2004 and home to faculty researchers studying cancer; the Robert F. McDermott Clinical Science Building, home to the Research Imaging Center; the Research Administration Building that houses the Human Research Protection Programs, as well as the Biomolecular NMR Spectroscopy core facility; and the South Texas Research Facility (STRF), a state-of-the-art research facility that opened in 2011 and holds the Optical Imaging Core Facility and Bioanalytics & Single Cell Core Lab. Physical address: 8403 Floyd Curl Dr., San Antonio, Texas 78229-3900

**Mays Cancer Center Campus**
The Mays Cancer Center (http://www.uthscsa.edu/patient-care/cancer-center), the newly named partnership of the UT Health San Antonio and MD Anderson Cancer Center, is one of only four National Cancer Institute-designated cancer centers in Texas. The specialists at the Mays Cancer Center bring a multidisciplinary approach to cancer care through cancer prevention, diagnosis, patient care treatments, clinical trials and research. Physical Address: 7979 Wurzbach Road, San Antonio, Texas 78229-3900

**Medical Arts & Research Center Campus**
The flagship clinical and research facility of the Joe R. & Teresa Lozano Long School of Medicine's faculty practice, UT Health Physicians (http://www.uthscsa.edu/patient-care/utmedicine), is the Medical Arts & Research Center (http://www.uthscsa.edu/patient-care/utmedicine/facility/Medical-Arts-Research-Center—MAR C). With 1.5 million patient visits each year through 700 providers in 140 specialties and subspecialties, UT Health Physicians (http://www.uthscsa.edu/patient-care/utmedicine) is the largest medical practice in Central and South Texas. For more information regarding available services from these expert specialists, go to UTHealthCare.org. Physical address: 8300 Floyd Curl Dr., San Antonio, Texas 78229-3900

**Center for Oral Health Care & Research Campus**
Adjacent to the Medical Arts & Research Center Campus, the Center for Oral Health Care & Research (http://www.uthscsa.edu/patient-care/dental) houses more than 100 School of Dentistry faculty experts, in addition to 616 dental residents and students, offering superb comprehensive patient care in nine specialty dental clinics. Physical address: 8210 Floyd Curl Dr., San Antonio, Texas 78229-3900

**Texas Research Park Campus**
Studies of cancer, aging, infectious diseases and other topics are ongoing in three research buildings at this campus in the Texas Research Park. The Institute of Biotechnology (http://molecularmedicine.uthscsa.edu) (IBT), opened in 1990, is home to the Department of Molecular Medicine; the South Texas Centers for Biology in Medicine, opened in 2001, is the site of studies of diseases prevalent in the South Texas/Border Region; and the Sam & Ann Barshop Institute for Longevity & Aging Studies (http://barshopinstitute.uthscsa.edu/main/about/overview), dedicated in May 2005, houses studies aimed at understanding the ways aging underlies many diseases including cancer, Alzheimer’s, Parkinson’s and other neurodegenerative diseases. In 2017, the university broke ground on a new location for the Barshop Institute at the corner of Floyd Curl and Charles Katz drives in the South Texas Medical Center. Physical address: 15355 Lambda Dr., San Antonio, Texas 78245

**Regional Campus at Laredo**
The Regional Campus at Laredo (http://laredo.uthscsa.edu) came to fruition in December 2002 with the dedication of the D.D. Hachar Building. Physical address: 1937 Bustamante St., Laredo, Texas 78041-5416
